

MOUNTAIN HACKS

SPONSORSHIP PROSPECTUS

ABOUT

WHAT'S MOUTAINHACKS?

MountainHacks is Tri-Valley's largest hackathon, bringing together 200+ students from around California to learn about new technologies, build innovative projects, and share their work with the community! The hackathon will take place over 14 hours, starting on Saturday at 7:00 am, March 18th, and ending at 9:00 pm. It will be hosted at Mountain House High School, California, 95391.

WHY MOUTAINHACKS?

MountainHacks is the perfect opportunity for you to recruit talented students, raise brand awareness, and test out your technologies. We provide many ways to help you maximize your engagement and meet your goals! MountainHacks also brings together the most culturally diverse group of students in California. This melting pot of cultures provides a unique opportunity for you to meet students building the most creative and innovative projects around!

HOW CAN I ENGAGE?

MountainHacks offers a variety of ways for you to engage with students. From our Ceremonies and Sponsor Fair to our Hacking Spaces and Project Showcase, the opportunities to interact with students are endless! You can also present tech talks, facilitate workshops, host fun activities, hold on-site interviews, and more. All of this while students build innovative projects using your technologies!

WHO'S ORGANIZING?

MountainHacks is organized by MHHS Hackathon Club, the largest HackClub Chapter. Our mission is to provide students with opportunities to develop technically and professionally. We accomplish this through our many programs and activities, including our signature event, MountainHacks. MountainHacks is also supported by MHHS and is a member of HackClub!

BENIFITS

Talent Recruitment

- **Meet** talented students majoring in computer science and engineering
- **Interact** with diverse students from underrepresented groups in tech
- **Engage** with students at our Ceremonies, Sponsor Fair, Hacking Spaces, Project Showcase, and more
- **Access** student information such as resumes, LinkedIn, and GitHub
- **Schedule** on-site interviews with students during the event

Product Development

- **Promote** your products and services to students
- **Present** a challenge for students that addresses a particular subject or uses your technologies
- **Facilitate** tech talks or workshops to teach students about your products and services
- **Mentor** students as they work on projects using your technologies
- **Evaluate** student projects at our Project Showcase and award the top teams

Brand Awareness

- **Feature** your brand on our website and social media channels
- **Expose** your brand through our flyers, posters, t-shirts, banners, and more
